RAISED WITH LOVE, BRED FOR FAMILIES

---

# About Us

---

We are a small breeder in Nova Scotia, Our dogs are raised in our homes. Loved and doted on daily. We currently are not CKC registered. However, some of the dogs we own are registered dogs but not all. Others are pure but not papered. To us health and temperament are what matters.

Our goal is to provide quality pets, from parents who have been cleared for breeding. We are firm on Dr Jean Dodds Vaccine Protocol and require our future homes to read up on it. We also are firm on spay and neuter for our pups sold as pets. We have a puppy contract, and application for wait-list.

We do require minimum quarterly updates (every 3 months) from our puppy parents, or people adopting retired dogs. They were raised with love and we want to stay in touch to ensure we can be a support system for our extended pommy family.

We have been actively breeding Poms since 2010, and before that i worked under a few show kennels and as a groomer, I am also involved in private rescue/foster and adoption. Further more, we sometimes have rescues we have privately took in that we will post about here. We welcome anyone to contact us, visit by appointment or even Facebook video chat us to see our home if your far away.

Our focus is Patella, Bite, Heart, Fontanel, Eyes then Temperament, then coat quality and LASTLY Color <3 We are not breeding for show, and we recognize our dogs are not quite there yet, however we have produced some stunning dogs and every year we get closer to that. Its more important to breed healthy dogs with good movement and structure, of sound temperament and full coats. And our goal is to start focusing on more “exotic” colors is finally coming to life.

As always we want our dogs to be loved, and its important we bond with our family's. Therefore never hesitate to message us to discuss anything on your mind <3
